1.4. Travel Plans

After obtaining your visa, prepare your documents and pack your luggage to come to Türkiye on the date that will be notified to you. Check the communication addresses of the university you are placed in, the dormitory, and the Turkish preparation centre as listed in the mail sent to you. The flight ticket for your first departure from home country to Türkiye will be provided by the Türkiye Scholarships Office. Between 20 September–8 October, 2024 the most appropriate flight ticket will be issued for you and you will receive an e-mail about it. Please be prepared for this process.

1.5. Travel Guidelines

You are recommended to arrive at the airport two hours before the departure time of your flight, together with your university registration documents, passport with student visa, and all other documents. We strongly advise you to pack a cabin baggage in case of any delay. You may learn about your free of charge baggage rights through the relevant airline company. Make sure you keep your official documents and valuable belongings in your hand luggage to prevent the loss of any important items. Please write your address in Türkiye clearly on your luggage. It may also be helpful to have your address written on a piece of paper inside your luggage in case of any external damage. Also, online check-in will speed up procedures at the airport.

You are recommended to not wear any clothes or accessories with metal to avoid any scanning problems at the airport. You may be asked to turn on your laptop (if any) at control points, so make sure that it has sufficient battery during travel. For practical purposes, make sure to have some USD or Euro (around \$200 or equivalent) with you during your travel to Türkiye. If you must exchange some cash to Turkish Lira for short term purposes such as transport, it is important to note that the exchange offices at the airport charge commission fee unlike foreign exchange offices in the city centers which offer you an exchange rate without commission fee.

Make sure to dress appropriately for the weather. Bring warm clothing and consider carrying an umbrella with you in case it rains in Türkiye.

See the passport control desk when you land in Türkiye. After passport control, follow the directions to reclaim your checked-in luggage. In the event that your luggage is lost, report to the Airport Lost and Found Office.

2.9. Cultural Orientation

The Turkish Language Center or Türkiye Scholarships Office will organize an orientation programme for new students. Enjoy a new culture and social environment during your time in Türkiye. Keep in mind that many students that move to a different country may experience cultural shock, but this transition period will quickly pass and you will begin to feel at home. At the beginning, you may experience longing for your family and difficulty in expressing yourself in Turkish. This time of transition may be exhausting, but you can try to make it easier by learning and experiencing new things in your city. Cultural shock is generally a temporary reaction that passes over time as you become more familiar with your new environment. The most frequent physical signs of cultural shock are irregular sleep, headache, stomach ache, and nervousness. Emotional signs are homesickness, feeling of loneliness, causeless anxiety and crying, asocial behaviour, tendency to stay alone, loss of self-confidence, anger and hostility against the new culture. To overcome this period easily, we recommend these suggestions:

Enjoy a new culture and social environment during your time in Türkiye.
